

BARTOW COUNTY SCHOOL SYSTEM
NUTRITION SERVICES
“Linking Nutrition to Lifelong Learning”

Dear Student or Visitor,

WELCOME TO OUR CAFETERIA. We hope you enjoy your meal. If you see areas that you feel need to be improved or changed, we want to know about them. To help you communicate your observations/concerns to us, we have provided the attached form. We are interested in any ideas you have that will help us provide a better service for our students. Please be specific in your remarks; it is very difficult for us to take action on concerns of a general nature. After you complete the observation form, please return it to the school office. We look forward to hearing from you.

Sincerely,

Pam Blakeney, SNS Director
Bartow County School System
